PROJECTS

Indoor Airport Map

- Developed an interactive map to provide a detailed layout of the airport terminal, including check-in counters, security checkpoints, boarding gates, restrooms, lounges, shops, and dining options.
- Enhanced passenger experience by helping users efficiently navigate the airport, locate departure gates, and find necessary services during their travel.

Technologies used : Html, CSS, Bootstrap, JavaScript , Python, Flask, MySQL.

Online Beauty Service Platform

- Created a digital platform offering convenient and accessible beauty-related services.
- Integrated an e-commerce feature for purchasing a wide range of beauty products.
- Enabled customers to schedule appointments with beauty professionals and enjoy professional treatments at home

Technologies used : Html, CSS, Bootstrap, JavaScript , PHP, MySQL.

Portfolio Website

- Built a personal portfolio website to showcase my web development skills, projects, and certifications.

Technologies used : React.js, Tailwind CSS, EmailJS.

EDUCATION

Bachelor of Computer Application
Parumala Mar Gregorios College, Thiruvalla.

2021 - 2024

CERTIFICATION

- Career Essentials in Software Development by Microsoft and LinkedIn.

LANGUAGES

- English
- Malayalam
