EDUCATION

Parumala Mar Gregorios College, Valanjavattom.

Bachelor of Computer Application

June 2021 - April 2024

SKILLS

- Programming Languages: Java, Php, Python, TypeScript.
- Frontend: HTML, CSS, Tailwind CSS, JavaScript.
- Backend: Node.js.
- Database: MySQL, MongoDB.
- Frameworks: Bootstrap, Express.js.
- Libraries: React.js.
- Tools: Git, Postman.
- Cloud Services: Firebase.

PROJECTS

Indoor Airport Map

Tech Stack: HTML, CSS, Bootstrap, Javascript, Python, Flask, MySQL.

- The indoor airport map provides a detailed layout of the terminal building, including key facilities and amenities such as check-in counters, security checkpoints, boarding gates, restrooms, lounges, shops, and dining options.
- It helps passengers navigate the airport efficiently, locate their departure gate, and find services they may require during their travel experience.

Beauty Parlour

Tech Stack: HTML, CSS, Bootstrap, Javascript, Php, MySQL.

- Created a digital platform offering convenient and accessible beauty-related services.
- Integrated an e-commerce feature for purchasing a wide range of beauty products.
- Enabled customers to schedule appointments with beauty professionals and enjoy professional treatments at home.

Portfolio Website

Tech Stack: React.js, Tailwind CSS, EmailJS.

- Developed a personal portfolio website to showcase projects, skills, and certifications.
- Integrated EmailJS for seamless contact form functionality, allowing visitors to send messages directly from the website.
- Employed responsive design principles to ensure optimal viewing on various devices.

Certification

- Career Essentials in Software Development by Microsoft and LinkedIn.

Languages

- English.
